Mr. Hays -

Thank you for your note and voicemail. Might Wednesday, December 20th at 11 or 2 work for you and Mr. Luecker to discuss USDA's outstanding concerns with the PER for the HAMP? I will likely have Emmanuelle join me for the call.

Subject: RE: Hopi Arsenic Mitigation Plan

Hi Corine,

I left a VM a few minutes ago. We expect to wrap up our formal response regarding the engineering first of next week. So a conf call would be better either next Wed or Thurs.

Feel free to call me if you want to discuss or narrow down the time for the call.

Hi Corine,

I've looped Jeff Hays into this discussion as Jeff is the person you need to connect with on this. I'm sure Jeff will be in touch soon.

Thank you,

Ernie

Subject: Hopi Arsenic Mitigation Plan

Mr. Wetherbee

Addressing arsenic in drinking water is a priority for the EPA. The challenges posed by arsenic compliance are substantial, yet, we continue to make progress working closely with other federal, state and local partners. As the senior management lead for tribal water quality matters, I am seeking your availability for a conference call this week Wed or Thurs to discuss our joint efforts to mitigate arsenic exposure on the Hopi Reservation. I am most interested in getting a status of UDSA efforts underway so that we can plan accordingly in our work with IHS and the Hopi Tribe going forward. I also left you a voicemail message and look forward to hearing from you.
